(2) In paragraph (1)(a) the expression “pension rights accrued” includes any right to any pension, lump sum, grant or other benefit due to or in respect of a member.

(3) A scheme manager responsible under regulation 2(2) of the 2014 Regulations (introductory) for the local administration of pensions and other benefits payable under those Regulations is also responsible for the administration of benefits pursuant to paragraph (1) of this regulation.

(4) Where a person has been an active member of the 2015 Scheme, and retirement benefits under paragraph (1) are payable to a member in accordance with regulation 11 of these Regulations (retirement benefits), the benefits paid from Earlier Schemes and the 2015 Scheme are, for all purposes, to be regarded as constituting a single pension scheme.

(5) But a retirement pension and any retirement grant payable to a member under paragraph (4) is subject to actuarial adjustment if it would have been subject to actuarial adjustment under the 2009 Scheme, irrespective of whether retirement pension under the 2015 Scheme payable at the same time is subject to actuarial adjustment.

(11) Regulations 64 and 65 of the Administration Regulations (abatement) continue to have effect in relation to pensions in payment deriving from the Earlier Schemes regardless of when payment of those pensions commenced.

Statutory underpin

4.—(1) This regulation applies to a person who—

- (a) was an active member of the 2009 Scheme on 31st March 2012 and who on 1st April 2012 was 10 years or less from the normal retirement age applicable to the member under the 2009 Scheme;
- (b) was an active member immediately before the underpin date and who receives payment of benefits under the 2015 Scheme on or after the underpin date;
- (c) does not have a disqualifying break in service; and
- (d) has not, prior to the underpin date, drawn benefits under the 2014 Regulations in relation to an employment.

(2) The underpin date for the purposes of this regulation is the earlier of—

- (a) the date the member attained the normal retirement age applicable to the member under the 2009 Scheme; or
- (b) the date the member ceased to be an active member of the 2015 Scheme with an immediate entitlement to a pension, including a member who may elect to receive immediate payment of a pension under regulation 29(5) of the 2014 Regulations (early retirement) and a member who, with the Scheme employer's consent, elects to receive immediate payment under regulation 29(6) of the 2014 Regulations (flexible retirement).

(3) A disqualifying break in service for the purposes of paragraph 1(c) is a continuous break after 31st March 2012 of more than five years in active membership of a public service pension scheme.

(4) The active member's pension account is to be increased at the underpin date by the amount by which the underpin amount exceeds the assumed benefits on the underpin date.

(5) The assumed benefits are calculated by assessing the benefits the member would have been entitled to under the 2015 Scheme if—

- (a) the member had paid contributions under regulation 9 of the 2014 Regulations (contributions) from 1st April 2015 to the underpin date but excluding—
 - (i) any period when the member was not an active member,
 - (ii) any period of absence from work with no pensionable pay in consequence of a trade dispute which the member has not covered by additional pension under regulation 16 of the 2014 Regulations (additional pension), and
 - (iii) any period of absence from work with permission with no pensionable pay otherwise than because of illness or injury, child-related leave or reserve forces service leave which the member has not covered by additional pension under regulation 16 of the 2014 Regulations (additional pension);
- (b) the member had in the period between 1st April 2015 and the underpin date paid no additional contributions under—
 - (i) regulation 16 (additional pension contributions) of the 2014 Regulations, other than additional contributions paid under that regulation to cover a period of absence from work with no pensionable pay in consequence of a trade dispute or to cover a period of absence from work with permission with no pensionable pay otherwise than because of illness or injury, child-related leave or reserve forces service leave, or
 - (ii) regulation 17 (additional voluntary contributions) of the 2014 Regulations;
- (c) the member had not been awarded additional annual pension under regulation 30 of the 2014 Regulations (award of additional pension) during that period;
- (d) the Scheme had received no transfer value payment in respect of the member relating to rights accrued under a registered pension scheme or a European pensions institution;
- (e) the revaluation adjustment^(a) made to the active member's pension account had been made up to and including the beginning of the scheme year in which the member's underpin date fell; and
- (f) the balance in the active member's account at the member's underpin date had been adjusted on account of any pension debit or Scheme pays election applicable to the member, with the adjustment being calculated in accordance with actuarial guidance issued by the Scottish Ministers.

(6) The underpin amount is calculated by assessing the benefits the member would have been entitled to under the 2009 Scheme if—

- (a) the member had continued to accrue membership under the 2009 Scheme rather than benefits in the 2015 Scheme from 1st April 2015 to the underpin date;

(a) Revaluation adjustment is defined in Schedule 1 to the 2014 Regulations.

- (b) the period of membership taken into account for the purposes of sub-paragraph (a) were—
 - (i) the period during which the member has paid, or is treated as having paid, contributions under regulations 9 or 10 of the 2014 Regulations, plus
 - (ii) any period of unpaid absence due to industrial action, or absence from work with permission otherwise than because of illness or injury, child related leave or reserve forces service leave, if that period was covered by additional pension purchased under regulation 16 of the 2014 Regulations (additional contributions), plus
 - (iii) where the member's assumed benefits include an adjustment under regulation 37 of the 2014 Regulations (calculation of ill health pension amounts), any additional period of membership that would have been added to the member's total membership under regulation 20 of the Benefits Regulations (early leavers: ill-health) had that regulation applied at the underpin date;
- (c) the final pay was calculated in accordance with regulations 9 to 11 of the Benefits Regulations (calculation of final pay), as if those Regulations were still in force at the underpin date; and
- (d) the member's benefits at the member's underpin date had been adjusted on account of any pension debit or a Scheme pays election applicable to the member, with the adjustment being calculated in accordance with actuarial guidance issued by the Scottish Ministers.

Membership of the 2015 Scheme

5.—(1) A person who is an active member of the 2009 Scheme in an employment immediately before 1st April 2015 becomes an active member of the 2015 Scheme on 1st April 2015 in that employment provided the person is eligible for membership of the 2015 Scheme on that date.

(2) Paragraph (1) does not apply to a person who ceases to be an active member on 31st March 2015 by virtue of regulation 11 of the Administration Regulations (ending of membership) and these Regulations apply to any such person as if that person is not an active member immediately before 1st April 2015.

(3) Notwithstanding regulation 3(3) of the 2014 Regulations (active membership), a person who is eligible to be an active member of the 2009 Scheme immediately before 1st April 2015 who is not a member of the 2009 Scheme, does not become a member of the 2015 Scheme on 1st April 2015 unless that date is the automatic enrolment date for that member.

(4) If any person has notified an employer under regulation 11(2) of the Administration Regulations before 1st April 2015 of a wish to leave the 2009 Scheme, but would not (apart from this paragraph) have ceased to be an active member immediately before 1st April 2015—

- (a) paragraph (1) does not apply to that person;
- (b) the person's active membership ceases on 31st March 2015; and
- (c) these Regulations apply to that person as if that person is not an active member immediately before 1st April 2015.

(5) A person who was a deferred member of one of the Earlier Schemes whose benefits under those Schemes have not come into payment and who becomes an active member of the 2015 Scheme by virtue of regulation 3(1) of the 2014 Regulations (active membership) without a disqualifying break, may choose, by notice in writing to the appropriate administering authority within 12 months of becoming a member of the 2015 Scheme, to be treated as if he or she had become an active member of the 2015 Scheme by virtue of paragraph (1).

(6) A disqualifying break for the purposes of paragraph (5) is a continuous break of more than five years in active membership of a public service pension scheme.

(7) A designation by a body of an employee or class of employees as being eligible for membership of the 2009 Scheme pursuant to regulations 3 (general eligibility for membership), 6 (admission agreements: further provisions), 7 (eligibility for membership of employees of other bodies not listed in Schedule 2) or 9(6) (further restrictions on eligibility: admission agreements

with certain NHS bodies) of the Administration Regulations has effect as a designation as being eligible for membership of the 2015 Scheme.

Admission agreements

6.—(1) Any admission agreement entered into before 1st April 2015 continues to have effect after 31st March 2015 and employees of admission bodies designated before that date in accordance with an admission agreement as eligible for membership of the Local Government Pension Scheme are from 1st April 2015, subject to regulations 5(2) to (4) of these Regulations, members of the 2015 Scheme by virtue of the agreement.

(2) Any indemnity, bond or guarantee provided in respect of an admission agreement entered into before 1st April 2015 has effect in relation to any liabilities whether incurred before or after that date.

(3) Any condition imposed before 1st April 2015 by the Scottish Ministers on an approval for the admission of a body to the Earlier Schemes continues to have effect and withdrawal of the approval by the Scottish Ministers where the condition is not met has effect as if approval for admission to the 2015 Scheme had been withdrawn.

Qualifying service for the 2015 Scheme

7.—(1) Any period of active membership in the Earlier Schemes which the member has at 31st March 2015 counts as qualifying service in the 2015 Scheme for the purposes of regulation 3(6)(a) and (c) of the 2014 Regulations (active membership).

(2) Any transfer value payment accepted into the Earlier Schemes counts as a transfer value payment into the 2015 Scheme for the purposes of regulation 3(7)(b), (c) and (d) of the 2014 Regulations (active membership).

(3) A transfer value payment accepted into the Earlier Schemes from a qualifying recognised overseas pension scheme counts as qualifying service in the 2015 Scheme for the purpose of regulation 3(6)(g) of the 2014 Regulations (active membership).

(4) A member of the 2015 Scheme who has a deferred benefit or a pension in payment under the Earlier Schemes is treated as having qualifying service for a period of 2 years for the purposes of regulation 3(6) of the 2014 Regulations (active membership), but if a deferred benefit—

- (a) is in respect of less than 2 year's membership; and
- (b) is aggregated with any 2015 Scheme benefits,

and the aggregate of that membership and the service in the 2015 Scheme is less than 2 years, the member may, upon ceasing to be an active member, elect instead of having a deferred benefit under the 2015 Scheme, to have regulation 18 of the 2014 Regulations (rights to return of contributions) deemed to apply to all the contributions made by the member.

(5) A person who became a member of the 2015 Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme), and who has at least 3 months qualifying service in the 2015 Scheme (which expression includes for this purpose any of the period of active membership in the Earlier Schemes if aggregated with membership of the 2015 Scheme) who ceases to be an active member of the 2015 Scheme before achieving qualifying service for a period of two years may elect—

- (a) to have regulation 18 of the 2014 Regulations (rights to return of contributions) deemed to apply to the contributions paid both into the Earlier Schemes and the 2015 Scheme (where the period in respect of which contributions to the Earlier Schemes were paid has been aggregated with membership of the 2015 Scheme); or
- (b) to be a deferred member of the 2015 Scheme notwithstanding regulation 6(1) of the 2014 Regulations (deferred members); or
- (c) if the member has reached the normal retirement age applicable to that member under the 2009 Scheme, to draw retirement pension immediately upon cessation of local

government service, notwithstanding regulation 6(1) (deferred members) of the 2014 Regulations.

(6) An election under paragraph (4) or (5)(a) or (b) must be made in writing to the member's administering authority within the period of six months beginning with the date on which the active membership ceased and an election under paragraph (5)(c) must be made to that authority within the period of six months beginning with the date of the cessation of local government service, and in default of any election being made the member shall—

- (a) in the case of a member satisfying the conditions in paragraph (4), be awarded a deferred benefit under the 2015 Scheme;
- (b) in the case of a member satisfying the conditions in paragraph (5), be awarded a deferred benefit in the 2015 Scheme, or an immediate pension, as appropriate.

Pensionable pay

8.—(1) For the purposes of regulation 20(1) of the 2013 Regulations (meaning of pensionable pay) no account is to be taken of any supplement paid

(2) in recognition of the difference in contribution rates between members of the principal civil service pension scheme and the 2009 or 2015 Schemes. Notwithstanding regulation 20(2)(f) of the 2014 Regulations (meaning of pensionable pay: exclusions), a member's pensionable pay for the purposes of regulation 20(1) of those Regulations, includes an amount in respect of a sum treated as the money value to the member of the provision of a motor vehicle or an amount paid in lieu of such provision, if the condition specified in regulation 12(8) of the 1998 Regulations (meaning of "pay": money value of provision of motor vehicle) is satisfied in relation to the member, unless the condition specified in regulation 12(9) of those Regulations is satisfied in relation to the member.

(3) For the purposes of calculating assumed pensionable pay under regulation 21 of the 2014 Regulations (assumed pensionable pay), if all or part of the periods referred to in paragraph (4) of that regulation fall before 1st April 2015, the calculation must include the pensionable pay the member received before 1st April 2015 in relation to that period.

(4) Where these Regulations provide for final pay received after 31st March 2015 to be calculated under regulations 9 to 11 of the Benefits Regulations (calculation of final pay), if a member has a period of absence from work of the description in regulation 11(4)(b) or (c) of the 2014 Regulations (contributions during absence from work with permission or due to a trade dispute) and, on or after the commencement of that period of absence, has purchased additional pension under regulation 16 of the 2014 Regulations (additional pension contributions) equivalent to the pension that the member would have accrued but for the absence—

- (a) the member is treated as entitled to count the period of absence as a period of membership; and
- (b) is treated as receiving the pay that would have been received but for the absence.

Transfers

9.—(1) Where a transfer payment is received into the 2015 Scheme in respect of a person from a different public service pension scheme which includes a payment in respect of service before 1st April 2015 (?) which would have entitled the person to final salary benefits in that scheme, such payment shall entitle that person to benefits under the 2015 Scheme as if they were payable as final salary benefits under the 2009 Scheme so long as the person in respect of whom the transfer payment is received has had no continuous break in active membership of any public service pension scheme of more than five years.

(2) Where a transfer payment is to be made to a registered pension scheme or qualifying recognised overseas pension scheme in respect of a member of the 2015 Scheme, that transfer payment shall include any benefits accrued by that member under the Earlier Schemes that are aggregated with the service under the 2015 Scheme.

(3) Where a transfer payment is received from a registered pension scheme which is not a public service pension scheme, or from a European Pensions Institution in respect of a member of the 2015 Scheme, if the relevant date in either case was before 1st April 2015, that transfer payment shall be dealt by the appropriate administering authority as if it had been received in respect of membership of the 2009 Scheme.

(4) The relevant date for the purposes of paragraph (3) is the date on which the person first became an active member in the employment, or the date the transfer payment is received if more than 12 months later.

Interfund adjustments etc.

10.—(1) Paragraph (2) applies to a member in a fund—

- (a) who became an active member of the 2015 Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme),
- (b) who subsequently became a deferred member or deferred refund member of the 2015 Scheme,
- (c) who becomes again an active member of the 2015 Scheme with no continuous break in active membership of any public service pension scheme of more than five years, and
- (d) where the deferred benefits or deferred refund benefits pursuant to sub-paragraph (b) are aggregated with the benefits accruing pursuant to sub-paragraph (c).

(2) A member falling within the description in paragraph (1) is entitled, notwithstanding the revocations effected by regulation 2 (revocation of regulations)—

- (a) to have the pension rights accrued in respect of service before 1st April 2015 preserved by regulation 3 of these Regulations (membership before 1st April 2015) calculated as final salary benefits with final pay calculated under regulations 9 to 11 of the Benefits Regulations (calculation of final pay) as if they were still in force; and
- (b) where the new period of active membership under paragraph (1)(c) is in a different fund, to have a payment made by the first administering authority to the subsequent administering authority in respect of those pension rights, calculated in accordance with actuarial guidance issued by the Scottish Ministers.

(3) Paragraph (4) applies to a member in a fund—

- (a) who became an active member of the 2015 Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme),
- (b) who subsequently became a deferred member of the 2015 Scheme,
- (c) who becomes again an active member of the 2015 Scheme with a continuous break in active membership of any public service pension scheme of more than five years, and
- (d) where the deferred benefits pursuant to paragraph (3)(b) are aggregated with the benefits accruing pursuant to paragraph (3)(c).

(4) A member falling within the description in paragraph (3) is entitled to a transfer value payment in relation to the deferred benefits to be credited to the member's active member account to purchase earned pension, with the transfer value payment and the amount of purchased earned pension being calculated in accordance with actuarial guidance issued by the Scottish Ministers and, where the new period of active membership under paragraph (3)(c) is in a different fund, the administering authority within whose fund the deferred benefits are held must make the transfer value payment to the administering authority within whose fund the benefits which are being aggregated are held.

(5) A member entitled to a refund of contributions from the Earlier Schemes, who becomes an active member of the 2015 Scheme, is entitled to a transfer value payment in relation to the benefits in respect of that membership, which is to be credited to the member's active member account to purchase earned pension, with the transfer value payment and the amount of purchased earned pension being calculated in accordance with actuarial guidance issued by the Scottish Ministers and, where the new period of active membership is in a different fund, the authority

which has ceased to be the member's appropriate administering authority must make the transfer value payment to the authority that has become the member's appropriate administering authority.

(6) A member with deferred benefits relating to the Earlier Schemes, who did not become a member of the 2015 Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme), but who subsequently becomes an active member of the 2015 Scheme, may elect to receive a transfer value payment in relation to the deferred benefits to be credited to the member's active member account to purchase earned pension, with the transfer value payment and the amount of purchased earned pension being calculated in accordance with actuarial guidance issued by the Scottish Ministers, and where the new period of active membership is in a different fund, the authority which has ceased to be the member's appropriate administering authority must make the transfer value payment to the authority that has become the member's appropriate administering authority.

(7) Where earned pension is purchased by a transfer value payment under paragraphs (4) to (6), regulation 3(1)(a) of these Regulations (membership before 1st April 2015) ceases to apply to the membership to which that transfer value payment relates.

(8) Where deferred benefits or a deferred refund under paragraph (1) arise from the cessation of a concurrent employment and the member continues as an active member in a continuing employment in which the member became an active member by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme), the formula in regulation 14(4) (concurrent employments) or, as the case may be, regulation 41(4) (rights to return of contributions) of the Administration Regulations must be applied in order to determine the rights the member is entitled to for the purposes of paragraph (2).

(9) Where there is more than one continuing employment to which paragraph (8) applies, the member may, within 12 months of the date active membership in the concurrent employment ceased, make an election to the appropriate administering authority specifying which of the continuing employments the rights from the concurrent employment that has ceased are to be aggregated and, in the absence of an election from the member, the administering authority must make the determination on the member's behalf.

(10) Where the deferred benefits or deferred refund under paragraph (1) arise from the cessation of variable-time employment and the new active membership is not variable-time employment, the formula in regulation 82(2) (changes of fund and variable-time employees) of the Administration Regulations must be applied in order to determine the rights to which the member is entitled for the purposes of paragraph (2).

Retirement benefits

11.—(1) A member who became an active member of the Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme) must, upon drawing a retirement pension under regulation 29 (retirement pension), 34 (early payment of retirement pension on ill-health grounds: active members) or 36 (early payment of retirement pension on ill-health grounds: deferred and members) of the 2014 Regulations, draw any aggregated benefits accrued in the 1998 Scheme and 2009 Scheme at the same time as those benefits accrued under the 2015 Scheme are drawn.

(2) A member who became an active member of the Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme) must, if exercising the option in regulation 29(6) of the 2014 Regulations (flexible retirement), make a request to receive the benefits mentioned in paragraph (3) and such benefits may, with the member's employer's consent be paid to the member notwithstanding that the member has not retired.

(3) The benefits referred to in paragraph (2) are—

- (a) all of the aggregated benefits from the 1998 Scheme;
- (b) all, part or none of the aggregated benefits accrued under the 2009 Scheme;
- (c) all, part or none of the aggregated benefits accrued under the 2015 Scheme; and
- (d) any additional benefits, in accordance with actuarial guidance issued by the Scottish Ministers.

- (a) benefits from added years contracts entered into under regulation 54 of the 1998 Regulations (payments to increase total membership) or equivalent provisions in the other Earlier Schemes;
 - (b) benefits under regulation 17(7) of the 2014 Regulations (additional voluntary contributions) or equivalent provisions in the Earlier Schemes;

 - (d) additional pension awarded under regulation 30 of the 2014 Regulations (award of additional pension) or regulation 13 of the Benefits Regulations (power of employing authority to award additional pension).

Ill-health retirement

12.—(1) A member who qualifies for Tier 1 or Tier 2 benefits under the 2014 Regulations who would have benefited from the protection in regulation 20(5) of the Benefits Regulations (transitional protection for persons who were a member immediately before 1st April 2009) if those Regulations had applied on the date the member's employment was terminated, is entitled to benefits equalling the higher of—

- (a) the Tier 1 or Tier 2 benefits, as the case may be, calculated under the 2014 Regulations and these Regulations; or
- (b) the benefits the member would have received under sub-paragraph (a) if the amount to be added under regulation 37(1) or (2) of the 2014 Regulations (calculation of ill-health pension amounts) were calculated by reference to the period that would have been added had regulation 27 of the 1998 Regulations (amounts of ill-health pension and grant) applied and if—
 - (i) the period of membership the member had accrued under the Earlier Schemes and the 2015 Scheme had counted as a period of membership of the 1998 Scheme,

13.—(1) Where a member elects to commute pension under regulation 32 of the 2014 Regulations (election for lump sum instead of pension) the member's benefits under the Earlier Schemes which are aggregated with the member's benefits under the 2015 Scheme are taken into account for the purposes of regulation 32(1) and (2) of the 2013 Regulations.

(2) In the case of a pensioner member of the 2015 Scheme with benefits under the Earlier Schemes and the 2015 Scheme which have been aggregated as is described in paragraph (1) and who commuted pension under regulation 32 of the 2014 Regulations, for the purposes of working

has had no continuous break in active membership of a public service pension scheme of more than five years, may elect not to transfer the realisable value in any deferred AVC account to an arrangement under regulation 17 of the 2014 Regulations.

(4) Regulation 32(2) of the 2013 Regulations (election for lump sum instead of pension) is modified as regards any AVC arrangement entered into by a member before 1st April 2015 by the substitution of the words “including those under regulation 17(7)(a)” for the words “excluding those under regulation 17(7)(a)”.

Survivor benefits

17.—(1) Except where regulation 10(4) of these Regulations (interfund adjustments etc: deferred members re-joining after five year break in membership) applies, survivor pensions in the case of a survivor of a person who became an active member of the 2015 Scheme by virtue of regulation 5(1) of these Regulations (membership of the 2015 Scheme) are calculated by adding together the 2009 Scheme survivor pension and the 2015 Scheme survivor pension.

(2) Subject to paragraphs (9) to (16), 2009 Scheme survivor pensions for the purposes of paragraph (1) are calculated under the 2009 Scheme, notwithstanding the revocations effected by regulation 2 of these Regulations (revocation of regulations), taking account of the deceased member’s membership up to 31st March 2015 but—

- (a) in the case of a death in service where a survivor benefit is payable under regulations 39 or 40 of the 2014 Regulations (survivor benefits for partners and children of active members), excluding any augmentation under regulation 20(2) of the Benefits Regulations (early leavers: ill-health) and
- (b) using final pay calculated in accordance with regulations 9 to 11 of the Benefits Regulations (calculation of final pay) as if those Regulations were still in force.

(7) In the case of an active member of the 2015 Scheme who is also a deferred, or pensioner member of the Earlier Schemes, if the amount of death grant that would have been payable if regulations 32 and 35 of the Benefits Regulations, or the corresponding provisions under any of the other Earlier Regulations, (death grants: deferred and pensioner members) still applied is higher than the amount that would be payable under paragraph (6), the death grant payable is that higher amount.

(8) Death grants in the case of a deferred, or pensioner member of the 2015 Scheme who has membership accrued before 1st April 2015 are calculated by adding together the death grant calculated under the Earlier Schemes based on the membership accrued before 1st April 2015, and the death grant calculated under the 2015 Scheme based on membership after 31st March 2015.

(13) Membership for the purposes of paragraphs (10) and (12) includes any relevant additional membership that would have counted as membership for the purposes of regulation 41 of the 1998 Regulations (reduction of some surviving spouses’ pensions).

is 85 years or more.

(2) In calculating the member's total membership—

- (a) the periods of membership taken into account are—
 - (i) the total membership the member accrued under the Earlier Schemes which counts as membership in relation to the employment in respect of which the member has made a request to receive immediate payment of retirement benefits under paragraph 1, plus
 - (ii) the period during which the member paid, or is treated as having paid, contributions under regulations 9 or 10 of the 2014 Regulations (contributions and temporary reduction in contributions), plus

EXPLANATORY NOTE

(This note is not part of the Regulations)

These Regulations set out the transitional and savings provisions relating to members of the Local Government Pension Scheme 2009 ("the 2009 Scheme") which is to be replaced by a new Local Government Pension Scheme by the Local Government Pension Scheme (Scotland) Regulations 2014 (SSI 2014/???) with effect from 1st April 2015 ("the 2015 Scheme"). Their effect is to protect the benefits accrued by members of the 2009 Scheme before 1st April 2015.

Regulation 2 and Schedule 1 revoke, subject to savings, the regulations which constitute the 2009 Scheme and its predecessor Schemes.

Regulation 3 preserves the membership and benefits accrued in the previous Schemes.

Regulation 4 ensures that an active member who was within 10 years of normal pension age under the 2009 Scheme on 1st April 2012 is entitled to draw benefits on retirement which are no less than they would have been able to draw if the 2009 Scheme had continued to exist.

Regulation 5 provides for automatic transfer into the 2015 Scheme of persons who are members of the 2009 Scheme on 31st March 2015.

Regulation 6 preserves the status of admission agreements entered into before the 2015 Scheme commences, meaning that membership of the Scheme is maintained for employees who became members by virtue of an admission agreement.

Regulation 7 provides that membership of the 2009 Scheme and its predecessor Schemes, and transfers from different pension scheme into those Schemes counts as membership of the 2015 Scheme. This is relevant for identifying when members of the 2015 Scheme have reached the two year vesting period required to be entitled to benefits under the 2015 Scheme.

Regulation 8 identifies elements of remuneration which are not to count as pensionable pay under the 2015 Scheme.

Regulations 9 and 10 make provision as regards transfers into the 2015 Scheme of benefits from other public service pension schemes and between funds in the 2015 Scheme. The effect of the provisions is to enable certain members to benefit from the provisions in Schedule 7 to the Public Services Pension Act 2013 which provide for the calculation of final salary to be based on the remuneration a person receives at the date of retirement rather than the date of transfer.

Regulation 11 provides for the dates on which benefits under the 2009 Scheme and its predecessor Schemes may and must be drawn.

Regulation 12 preserves transitional protection for certain groups as regards entitlement to ill-health benefits and makes provision for how recipients of ill-health benefits under the 2009 Scheme are to be dealt with under the 2015 Scheme.

Regulation 13 provides for amounts of pension deriving from the 2009 Scheme and its predecessor Schemes taken as a lump sum to be brought into account when a member commutes pension under the 2015 Scheme into a lump sum.

Regulations 14 and 15 make provision in respect of contributions and the purchase of additional pension. Arrangements for the purchase of added membership and additional pension entered into before 1st April 2015 are preserved and purchase benefits under the 2009 Scheme.

Regulation 16 makes provision for payments to be taken from benefits accrued under the 2009 and predecessor Schemes where appropriate when a member has a tax charge to pay under the Finance Act 2004.

Regulation 17 makes provision for survivor pensions and death grants where the deceased member was entitled to benefits under both the 2009 Scheme and the 2015 Scheme.

Regulation 18 and Schedule 2 preserve the so-called “rule of 85” for qualifying members, enabling them to draw benefits without actuarial reduction when the sum of their age and the years membership of the local government pension scheme equals or exceeds 85..

Regulation 19 preserves any directions issued by the Scottish Ministers changing the appropriate administering authority for a member.

Regulation 20 makes provision in respect of pension sharing orders to ensure they have appropriate impact on pre-2015 Scheme benefits.

Regulation 21 preserves regulations entitling members to obtain information necessary to enable them to pursue claims relating to the mis-selling of pensions.

Regulation 22 requires Scheme employers to provide information to administering authorities to enable them to carry out their functions.

Regulation 23 provides for the procedures for the resolution of disputes under the 2015 Scheme to apply in respect of any unresolved disputes under the 2009 Scheme.

Regulation 24 applies to various bodies who have for historical reasons come within the local government pension scheme with modifications as to how the Scheme regulations apply to their employees. The effect of the regulation is to carry over those modifications into the 2015 Scheme with the exception of any modification of the normal retirement age of members, which is to be changed where necessary to come into line with the provisions applying to all members of the 2015 Scheme.

Regulation 25 preserves provisions relating to the application of the Pensions (Increase) Acts which can lead to a requirement on Scheme employers to make additional payments into the fund clarifying where liability for any such requirements lies in the case of certain employers.

No separate regulatory impact assessment has been produced for these Regulations but see the impact assessment associated with the Local Government Pension Scheme Regulations 2014 which is available at <https://www.gov.uk/government/organisations/departments-for-communities-and-local-government/series/local-government-pensions>.
