

NOTES FOR INCAPACITY APPLICATIONS

Please read these notes before completing the Incapacity Retirement application.

PLEASE DETACH AND KEEP FOR YOUR REFERENCE

1. Completion of the attached form does not imply that your application for Incapacity Benefits will be accepted.
2. Alternatives to ill-health retirement, such as re-deployment or rehabilitation, should have been considered by your employer before completing this application form.
3. SPPA must be satisfied that you have become **permanently** incapable of teaching until normal pension age. Our Medical Advisers (MA) consider the medical evidence submitted and make a recommendation to Scottish Ministers.
4. SPPA will not seek further medical evidence on your behalf nor make any payment towards obtaining this. If there is insufficient evidence to allow the MA to make a recommendation the application is unlikely to succeed.
5. You must be under normal pension age, have completed a qualifying period and have not applied for other retirement benefits in respect of the same period of employment. Benefits can only be awarded after normal pension age if permanent incapacity was established before normal pension age and pensionable service accrued since then was due to paid sick leave.
6. If you are in receipt of an STSS pension and have subsequent pensionable service and then suffer a breakdown in health you may apply for ill-health benefits in respect of that period of employment only.
7. To qualify for retirement benefits under the STSS Regulations you will need to have at least 5 years qualifying service if all of your pensionable employment is prior to 6 April 1988, or at least 2 years qualifying service if you were in pensionable employment on or after 6 April 1988.
8. If you are in or left pensionable employment less than 24 months ago due to an illness that relates to this application for ill health, please complete PART 1 and send the application to your current or previous employer to complete PART 2. You should arrange for the medical information form STSS: (MED) 1 to be completed and once all parts are ready they should be sent to SPPA along with all other supporting medical evidence.
9. If you left pensionable employment more than 24 months ago please complete PART 1 and arrange for STSS: (MED) 1 to be completed by a medical professional. This can be your GP and/or your consultant if you have been referred. Both forms and all supporting medical evidence should be sent to SPPA.
10. If you are under 70, have become permanently incapacitated, do not qualify for benefits and have at least one year of pensionable employment, a one off payment called an Incapacity Grant may be paid. An application must be made within 24 months of leaving pensionable employment.
11. Ill health benefits are not payable where the member has ceased to be in pensionable employment on or after 1 April 1997 as a result of dismissal on the grounds of misconduct.

12. There is a 2 tiered ill health arrangement. Partial Incapacity Benefit (PIB) is granted where you are not capable of teaching but can undertake other employment. Total Incapacity Benefit (TIB) is granted where you meet PIB criteria and your ability to carry out any work is impaired by more than 90 % and is likely permanently to be so. Permanency will be considered on the balance of probabilities.
13. If you are awarded TIB a enhanced pension will be paid based upon half your service from the date of ill health retirement to the date of normal retirement if you are only in the final salary scheme. If you are in CARE then the enhanced pension will be based on half of your service from the date you went on to nil pay / the date you ceased employment to the later of 65 or your state pension age.
14. If you have not been in pensionable employment for more than 24 months, your application will be assessed using the criteria for TIB but you will not receive service enhancement.
15. You will be entitled to benefits as from:
- 1) For preserved members of the STSS (Final Salary Schemes) and/or the STPS (CARE) pension scheme, benefits could be paid from the date of receipt of your application form.
 - 2) For active members of the STSS (Final Salary Schemes) and STPS (CARE) pension scheme, benefits can only be paid from the date of termination of your employment(s)
16. If your life expectancy is less than 12 months you may request that your ill health pension is commuted to a one off payment, however you must be under your scheme's normal pension age, for Final Salary members this could be 60 or 65 and for CARE members this will be the later of 65 or state pension age.
17. Once you have been granted ill health retirement you must arrange for active teaching to cease immediately. All teaching employments should be terminated at the earliest possible date. When notification of your retirement date and your salary details is received from your employer your benefits will be processed.
18. If you were a member of the scheme prior to 1 April 2007 the method of calculating benefits, which will consist of an annual pension and a lump sum based on reckonable service and pensionable salary, is as follows:

$$\text{Pension} = \frac{\text{Service} \times \text{Pensionable Salary}}{80}$$

The lump sum is three times the pension.

If you became a member of the scheme on or after 1 April 2007 your benefits will consist of an annual pension based on reckonable service and pensionable salary. It will be:

$$\text{Pension} = \frac{\text{Service} \times \text{Pensionable Salary}}{60}$$

Under the Pensions (Increase) Acts pensions are increased automatically in April each year, to maintain the link with movements in the cost of living.

19. If you were a member of the scheme before 1 April 2007 and were in pensionable employment on or after 1 April 2007 you can convert, 'commute', part of your pension to receive a lump sum up to 25% of your fund value. The formula for calculating the maximum amount of lump sum that can be paid is as follows:

$$\frac{(\text{Pension} \times 20) + (\text{Lump Sum} \times 20/12)}{4.6667}$$

If you joined the scheme on or after 1 April 2007 the formula for calculating the maximum amount of lump sum benefits that can be paid is as follows:

$$\frac{\text{Pension} \times 20}{4.6667}$$

The resulting figure represents 25% of the fund value and is the maximum lump sum you may take. To determine the additional lump sum you may have you must deduct your actual lump sum from this figure. For each £1 of pension commuted there will be £12 of lump sum paid. Calculations can be undertaken on the website www.pensions.gov.scot

If you joined the scheme on or after 1 April 2015 you will be in the CARE scheme. Likewise if you were an unprotected or tapered protected member of the final salary scheme you may have benefits in both the final salary scheme and the CARE scheme. From 1 April 2022, all members began to accrue benefits in the CARE scheme.

If you are a member of the CARE scheme, the method of calculating your benefits which will consist of an annual pension calculated based on 1/57th of your annual earnings revalued each year by CPI + 1.6%.

Likewise in the CARE scheme you have the option to commute part of your pension to receive a lump sum. The formula for calculating the maximum amount of lump sum benefits that can be paid is as follows:

$$\frac{\text{Pension} \times 20}{4.6667}$$

The resulting figure represents 25% of the fund value and is the maximum lump sum you may take. To determine the additional lump sum you may have you must deduct your actual lump sum from this figure. For each £1 of pension commuted there will be £12 of lump sum paid.

20. If you intend to use 30% or more of your lump sum to increase your pension benefits, this could result in HMRC subjecting the whole of your lump sum to an unauthorised payment tax charge of 40% and a further 15% surcharge if the value of unauthorised payments exceeds 25% of your rights in the scheme. This recycling rule will not affect you if your lump sum does not exceed 1% of Lifetime Allowance (explained in note 24)

21. If you have a pension sharing or earmarking order or agreement made by a court against your pension entitlement your benefits will be reduced in line with that order or agreement.
22. If you are paying for past added years or additional pension and you declared at the time of the election that you were in good health you may be excused of any payments due up to normal pension age. You will be credited with the corresponding additional service or additional pension.
23. Any return to teaching will result in an immediate loss of your pension. Pension entitlement will cease immediately if you take up teaching employment (whether or not you rejoin the pension scheme) and will not automatically be restored if the employment ceases. Any pension overpaid will be recovered. If you intend to return to work, employers must satisfy themselves about your medical fitness. You must inform SPPA if you undertake any employment and should contact SPPA before the start date. If you are in receipt of TIB and take up any employment your TIB pension may cease. You must inform SPPA if you are considering or start any employment.
24. **Lifetime Allowance** - The Finance Act 2004 introduced a single tax regime that applies to all UK tax privileged pensions from 6 April 2006. This regime introduced a “Lifetime Allowance”, which is the total allowable value of benefits (both pension and lump sum) from all registered pension schemes. This excludes pensions payable from the state. The Lifetime Allowance (LTA) is set at the following levels:

Tax Year	Amount (£)
2019/20	£1,055,000
2020/21	£1,073,100
2021/22	£1,073,100
2022/23	£1,073,100

You can find out more about how the value of your pension is calculated for lifetime allowance purposes on our website at: <https://pensions.gov.scot/pensions-taxation/lifetime-allowance/lifetime-allowance-faqs>

If the percentage exceeds 100% you will be liable for the LTA charge unless you have a transitional protection certificate.

These figures may be liable to change therefore please consult www.hmrc.gov.uk for further information.

25. For further information about the STSS you can visit our website www.pensions.gov.scot

26. Please ensure that you have completed all relevant parts of the form before signing the declaration. Without your signature and the date, the application is invalid and we cannot proceed with your claim.

27. When all relevant information in support of your application has been received it will be submitted to our medical advisers for advice. You will be notified by letter of our decision and what you should do next.
