(2) Where a provision of this Part requires the scheme manager to calculate a transfer value (including a remediable club transfer value or a remediable transfer value) in relation to rights secured in the legacy scheme or the 2015 scheme, that value is to be calculated in accordance with—

- (a) the provisions of the legacy scheme or the 2015 scheme which apply to the calculation of values of that type, and
- (b) the guidance and tables provided by the Government Actuary for the purpose of calculating such values that were, or are, in use on the date used for the original calculation.

(3) Where the remediable transfer value was accepted by the scheme manager before 1st October 2023 and the sending scheme is a reformed public service pension scheme, the scheme manager may accept a payment—

- (a) in respect of the remediable rights to which the remediable club transfer value payment relates, and
- (b) which is made by the sending scheme pursuant to, or to provision made under, PSPJOA 2022.

(3) An adjustment payment accepted under paragraph (2) is to be used for the purpose of determining M’s benefits under the legacy scheme or the 2015 scheme on the same terms as the remediable transfer value.

(4) The scheme manager, after having regard to the advice of the scheme actuary, must determine M’s remediable benefits if the transfer value, together with any payment adjustment accepted under paragraph (2), were applied in respect of rights in—

- (a) the 1995 Section or the 2008 Section (whichever is relevant);

- (a) the 1995 Section or the 2008 Section (whichever is relevant);
- (b) the 2015 scheme.

### **Application and interpretation of regulations [48] to [50]**

**47.**—(1) Regulations 48 to 50 apply in relation to the following accepted by the scheme manager in respect of a member (“M”)—

- (a) a remediable transfer value payment, together with any payment accepted under regulation 42(3);
- (b) a remediable club transfer value payment, together with any adjustment accepted under regulation 45(2).

(2) In regulations 48 to 50—

“relevant Section of the legacy scheme” means—

- (a) the 1995 Section if M has pensionable service in that Section;
- (b) the 2008 Section if M has pensionable service in that Section;
- (c) otherwise, the 2008 Section;

### **Transferred in remediable rights treated as being the legacy scheme**

**48.**—(1) Where this regulation applies (see regulation 47) and the transferred in remediable rights of a member (“M”) would, apart from this regulation, be rights to benefits under the 2015 scheme, the rights—

- (a) are not, and are treated as never having been, rights under the 2015 scheme, and
- (b) are treated as being, and as always having been, rights under the relevant Section of the legacy scheme.

(2) Paragraph (1) has effect—

- (a) for the purposes of determining which Section of the legacy scheme is (or at any time was) required to pay benefits to or in respect of M’s transferred in remediable rights, and
- (b) subject to regulation 49, for all other purposes.

### **Varying the value of benefits secured by virtue of transferred in remediable rights**

**49.**—(1) Where this regulation applies (see regulation 47) and—

- (a) a member is an active or deferred remedy member (“M”), and
- (b) M’s transferred in remediable rights are treated as rights to benefits under the relevant Section of the legacy scheme by virtue of regulation [48],

the scheme manager must vary the value of those rights so that they are of an equivalent value to rights M would have secured under the relevant Section of the legacy scheme if the rights had been transferred into that Section.

(2) A variation under paragraph (1) is to be treated as having taken effect when these Regulations come into force.

(3) Where—

- (a) M is a pensioner remedy member or a remedy member who died before 1st October 2023, and the end of the immediate choice election period has passed in relation to M and no election has been made (or treated by the scheme manager as having been made) under regulation 10 in relation to M’s remediable service, and
- (b) M’s transferred in remediable rights are treated as rights to benefits under the relevant Section of the legacy scheme by virtue of regulation 48,

the scheme manager must vary the value of those rights so that they are of an equivalent value to the rights M would have secured under the relevant Section of the legacy scheme if the rights had been transferred into that Section.

(4) A variation under paragraph (3) is to be treated as having taken effect at the end of the immediate choice election period.

(5) Where—

- (a) the benefits payable to or in respect of M’s remediable service are 2015 scheme benefits by virtue of an immediate choice election under regulation [10] or a deferred choice election under regulation 13 (including such an election which the scheme manager treats as having been made under either of those regulations), and
- (b) the benefits payable in relation to M’s transferred in remediable rights would otherwise be benefits in the relevant Section of the legacy scheme,

the scheme manager must vary the value of those rights so that they are of an equivalent value to rights M would have secured under the 2015 scheme if the rights had been transferred into that scheme.

(6) Where the scheme manager is required to vary the value of any rights under this regulation so that they are equivalent to rights that would have been secured in another scheme (“the alternative scheme”), the scheme manager must, after having regard to the advice of the scheme actuary, calculate the varied rights as if the remediable transfer value which originally secured the rights had been paid to the alternative scheme or Section of the scheme in the scheme year the payment was received by the scheme manager.

(7) In paragraph (6), “scheme year” means a period of one year beginning on 1st April and ending with 31st March.

**Benefits already paid in relation to transferred in remediable rights**

**50.**—(1) Where this regulation applies (see regulation 47), paragraph (2) applies in relation to any benefits (“the paid benefits”) that have at any time been paid to a person (“P”) from the 2015 scheme so far as—

- (a) they are calculated by reference to P’s, or any other person’s, transferred in remediable rights, and
- (b) they are benefits that, as a result of regulation 48(1)(a), P was not entitled to receive from the 2015 scheme.

(2) The paid benefits are to be treated for all purposes—

- (a) as not having been paid to P by the 2015 scheme, but
- (b) as having been paid to P instead by the relevant Section of the legacy scheme.
