### **The McCloud judgement – 2015 Remedy**

The UK government has now set out its approach to remedying the age discrimination found in the 2015 pension reforms.

Members eligible for the 2015 Remedy will remain in, or be returned to, their legacy schemes for service between 1 April 2015 and 31 March 2022. Eligible pensioners, who are in receipt of a pension will be given a choice as to which scheme benefits they wish to receive for service during the remedy period and their pension will be amended based on the choice they make.

The 2015 Remedy will be implemented on 1 October 2023 so members who retire before this date will receive a pension based on their current entitlement. This will be revised once the 2015 Remedy is implemented and eligible pensioners have made their choice. Any extra pension and/or tax free lump sum due once pensioners decide on their choice, will be backdated to their retirement date.

**It is important for the recipient of this CETV to note that the value given may change in future.**

Further information on 2015 Remedy can be found on our website at [www.pensions.gov.scot/2015-remedy](http://www.pensions.gov.scot/2015-remedy)
